

Datanet ISO Diary

by Natasha Ginn, Quality and Projects Manager

January 2012

Successful Completion of Stage 1 Audits.....

It was all systems (and processes!) go when we returned after the Christmas break!

Following the implementation of new policies and procedures, our effectiveness has been monitored, and will continue to be monitored through our internal audit programme and measurement of KPI's. It is largely due to this that I can report that on 6th January 2012, we passed our Stage 1 external audits for both ISO 9001 and ISO 27001 with just a few observations to take action in readiness for the Stage 2 audits in February.

The whole team at Datanet is involved in identifying any areas for improvement. This is being formally recorded, analysed and reviewed and the improvements made help us to provide even better service to our customers.
